Find talk streams on <https://video.debconf.org>

Other ways to watch the live stream

vlc, mplayer, and mpv understand HLS streaming. Use the URL

```
https://[redacted].live.debconf.org/live/minidebconf.m3u8 .
```

To force the quality of the stream, use one of the following URLs:

1280x720 (2 Mbps bitrate): [https://\[redacted\].live.debconf.org/live/minidebconf_src.m3u8](https://[redacted].live.debconf.org/live/minidebconf_src.m3u8)

900x506 (1 Mbps bitrate): [https://\[redacted\].live.debconf.org/live/minidebconf_high.m3u8](https://[redacted].live.debconf.org/live/minidebconf_high.m3u8)

720x404 (440 kbps bitrate): [https://\[redacted\].live.debconf.org/live/minidebconf_mid.m3u8](https://[redacted].live.debconf.org/live/minidebconf_mid.m3u8)

480x270 (280 kbps bitrate): [https://\[redacted\].live.debconf.org/live/minidebconf_low.m3u8](https://[redacted].live.debconf.org/live/minidebconf_low.m3u8)

MiniDebConf Online

How do I ask questions?

Ask questions on IRC during the talk, and talkmeister will relay it to the speaker when a speaker indicates that they're ready for questions.

Prefix questions with "QUESTION:"

Unfortunately, due to time constraints some talks may not be able to take questions.

MiniDebConf **Online**

On that note...

Any questions?

MiniDebConf Online

**We hope you
enjoy the talks!**
